EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1, 7, and 12, lines 20, 20, and 21, respectively, after "to", --at least two of-- has been inserted.

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claims 1, 7, and 12, is the inclusion of the motor positioned on the base adjacent to the scaffolding, the flexible cable having one end there attached, the boom engaged with a rear portion of the scaffolding and extending forwardly therefrom beyond, and a support cable having end portions secured to at least two of the horizontal members. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
